

# About ArcFab

## ARCFAB IS THE PREMIER SUPPLIER FOR STANDARD AND CUSTOM FLASHINGS FOR THE VARIOUS CONSTRUCTION TRADES.

ArcFab is the premier supplier for standard and custom flashings, standing seam metal systems, rainwear goods, and wall systems in Colorado. We specialize in factory formed and site fabricated metal roofing and siding systems to meet all your commercial and residential roofing needs. We also offer coil and sheet products for all project types.

Our location features state-of-the-art equipment, featuring a mobile standing seam roofing panel machine, shears, multiple CNC breaks, stamp press, a cut-to-length line, curving equipment and much more. We offer a variety of standard construction flashings for roofing, siding and various construction trades. Additionally, we supply flat roofing accessories, TPO, and PVC (scuppers, collector heads, coping caps, and down spouts) all available per your exact specifications.

ArcFab produces performance rated architectural metal wall panels and cladding systems for residential, commercial, and industrial applications. Our exterior wall cladding panels protect your building in a unique and attractive way. There is an endless variety of wall panel styles and configurations that

can be designed to withstand weather elements such as rain, heat, and cold. Metal cladding also helps to redirect water away from your building, keeping your structures protected against damage. These panels make your building unique and well-suited for your area, climate, and style.

Whether traditional or custom, our architectural metal wall panels include single skin, insulated, exposed fastener, concealed fastener, and interior wall liners. These panels can be used for new construction or to retrofit existing buildings. Most can be installed vertically or horizontally, or can be mixed and matched, allowing for nearly unlimited design flexibility and creativity.

We have a large inventory of over 30 colors that come with a 25 to 40 -year finish warranty. We have the experience and aptitude to respond and consult on a large variety of roofing and siding needs for our customers. ArcFab is a customer-first business and we maintain that feel in all our interactions, while being able to provide the same products and services of our “big box” competitors. We look forward to working with you.
